[NES MOOC](#)

The NES MOOC (massive open online course) is a flexible, high-quality educational resource tailored to the changing needs of rural communities. It covers fundamental topics such as:

- Sustainability
- Digital literacy
- Entrepreneurship
- Essential social skills

Thanks to its online structure and personalised pace, learners can engage with interactive content, case studies and practical exercises, enabling them to acquire applicable knowledge. This course aims to enhance local growth and resilience by equipping users with the skills needed for the digital and green transition.

[Microlearning app](#)

A unique, gamified educational approach designed specifically for learning on the go. Available as a mobile app, this tool offers short learning modules combined with quizzes and interactive activities to reinforce the learning process.

The original design and features include:

- Gamified modules
- Analytics and dashboards
- Convenient learning

This format ensures that users can develop essential skills in an engaging and flexible way, improving their knowledge retention and ability to apply these skills in real-life situations.

[NES toolbox](#)

A comprehensive resource centre designed for users who want to embrace the dual transition towards sustainability and digital innovation. It includes:

- Interactive games
- Digital platforms for collaboration
- Training courses
